Dear Baldwin Community, Neighbors, and Friends,

It is my honor to present you with our 2026 MapToons Community Navigator — a resource that celebrates the best businesses, restaurants, services, and community organizations that make Baldwin the vibrant place we call home.

This guide is more than a map. It's a reflection of the entrepreneurs who have poured their energy into this community, and the neighbors who show up for one another year after year. Baldwin's strength has always come from that spirit of togetherness.

Every visit to a local shop, every meal at a hometown restaurant, and every service you choose from a Baldwin business is an investment in our shared future. These choices keep our local economy strong, create jobs for our neighbors, and preserve the character that makes Baldwin special.

The Chamber remains committed to supporting our members through networking, advocacy, and collaboration — ensuring that every business, from the newest storefront to the longest-standing institution, has the support it needs to thrive.

To our members and community partners: thank you for your continued dedication and generosity. Your commitment is what allows us to keep building a Baldwin that residents are proud to call home and businesses are proud to grow in.

Use this guide to explore, discover, and connect. Support local. Invest in Baldwin.

Warm regards,
Victor Sookdeo
